

LucidLock™ — Declaration of Intent to Use

I, Sean Honan, hereby declare my intent to use the name **LucidLock™** in association with software and frameworks for:

- recursive AI integrity
- symbolic firewalls
- adversarial drift detection
- fintech security pipelines
- agentic orchestration architectures

This claim is made in good faith as the original author and designer of LucidLock, and is timestamped today:

Date: September 10, 2025

Signed: Sean Honan

Filed for symbolic and legal protection. Full USPTO trademark filing pending.
